

Neha Mckinney

Senior HCC Medical Coder

JULY 15, 2026

Hiring Manager
The Health Coding Group
Remote

Dear Hiring Manager,

I am excited to submit my application for the Senior HCC Medical Coder position at The Health Coding Group. This role matches my skills closely and opens doors to contribute meaningfully to your team.

During my tenure at Health Coding Solutions, I navigated diverse coding challenges with creativity and accuracy. I executed precise coding for risk adjustment on numerous cases, while manually tracking chart discrepancies to ensure compliance.

An instance that stands out was when I led an initiative to optimize our workflow. I collaborated with colleagues, tracked missing charts effectively, and helped cut down coding errors, achieving remarkable results.

Moreover, my certifications as a CPC and CCS showcase my dedication to excellence in this field. Although balancing responsibilities can be challenging, I thrive on meeting productivity-demanding standards under pressure.

I genuinely admire The Health Coding Group's commitment to quality. I am eager to contribute to your success and serve as a reliable resource for my colleagues.

Thank you for considering my application.

Sincerely,

Neha Mckinney
