STRENGTHS

- 🏢 **Enterprise Roadmapping**
Turned quarterly Oracle updates and business priorities into practical roadmaps, giving leaders clear adoption choices and risk visibility.
- 👥 **Cross Functional Leadership**
Chaired reviews with HR, Payroll, IT, Operations, and vendors; conversations became clearer, and decisions moved forward.
- 🔧 **Production Problem Solving**
Traced difficult payroll and employee data incidents across interfaces, restoring accurate processing and earning trust from support teams.
- ✅ **Testing Governance**
Built traceable SIT, UAT, regression, and release practices; teams gained stronger evidence for confident production decisions.
- 🎓 **Team Mentoring**
Used design reviews and troubleshooting sessions to coach analysts, creating more consistent support and a reliable go to resource.

SKILLS

Oracle Fusion HCM Core HR

Payroll Workforce Management

Absence Management

Benefits Administration

Compensation Management

Talent Management

SUMMARY

Senior Oracle Fusion HCM leader with 14 years of enterprise HCM experience, delivering strategy, implementation, optimization, and **production support** across global HR technology environments. Leads Core HR, Payroll, Workforce Management, Absence Management, **Benefits Administration**, Compensation Management, and Talent Management initiatives from requirements through release validation and operational handoff. Combines functional expertise with technical fluency in **Oracle Integration Cloud**, APIs, middleware, security roles, workflows, reporting, analytics, dashboards, and data governance. Directs SIT, UAT, regression testing, quarterly update readiness, risk review, and **post production support** while protecting audit and compliance controls. Partners with HR, Payroll, IT, Operations, vendors, and executive stakeholders to shape practical roadmaps, resolve critical issues, mentor teams, and deliver sustainable digital transformation.

EXPERIENCE

Senior Oracle Fusion HCM Lead

Blue Ridge Human Capital Technologies 📅 January 2023 - Present 📍 Philadelphia, Pennsylvania

Leads enterprise **Oracle Fusion Cloud HCM** strategy, enhancement governance, production support, quarterly update readiness, and global operations. Partners with HR, Payroll, IT, Operations, vendors, and business leaders while mentoring functional and technical team members.

- Governed global **Core HR** and **Payroll** roadmap, aligning quarterly priorities with enterprise transformation goals.
- Directed enhancement intake through configuration, SIT, UAT, **release validation**, deployment, and operational handoff.
- Established quarterly update reviews covering security impacts, regression scope, **feature adoption**, and release communications.
- Guided OIC, API, and middleware integrations connecting HCM with payroll, benefits, identity, and workforce platforms.
- Chaired solution reviews with HR, Payroll, IT, Operations, and vendors, protecting audit and data controls.
- Mentored analysts through design reviews, **troubleshooting** sessions, and knowledge sharing that improved support consistency.

Oracle Fusion HCM Solution Manager

Liberty HR Systems Group 📅 June 2019 - December 2022 📍 Conshohocken, Pennsylvania

Managed phased Oracle Fusion HCM implementation and enhancement portfolios across domestic and international business units. Directed requirements, solution design, testing, reporting, production support, Agile delivery, change management, and stakeholder adoption.

- Led phased Fusion implementation across Core HR, Payroll, Absence, Benefits, Compensation, and Talent operations.
- Translated policy requirements into configuration, **workflows**, **security roles**, reports, and traceable solution decisions.
- Directed SIT, UAT, **regression testing**, defect triage, and release readiness across concurrent delivery workstreams.
- Built production support governance with severity definitions, escalation paths, root cause reviews, and enhancement controls.
- Oversaw workforce, payroll, talent, and compliance dashboards while strengthening data quality and **reporting** controls.
- Applied **Agile delivery** and **change management** across communications, training readiness, releases, and adoption activities.

MY CAREER

● Senior Oracle Fusion HCM Lead at Blue Ridge Human Capital Technologies (3.8 Years)

● Oracle Fusion HCM Solution Manager at Liberty HR Systems Group (3.5 Years)

● Senior HCM Systems Analyst at Allegheny Enterprise Applications (3.2 Years)

● HCM Systems Analyst at Susquehanna Business Services (3.6 Years)

Owned functional HCM support during transition toward Oracle Fusion Cloud HCM, connecting HR and Payroll operations with integrations, reporting, security, release testing, and business readiness. Served as senior analyst and coach for junior team members.

- Supported enterprise HR and Payroll applications during transition toward **Oracle Fusion Cloud HCM**.
- Configured **Core HR**, Absence, Workforce, Compensation, and Talent workflows against approved operating policies.
- Traced payroll and employee data incidents across connected systems, restoring accurate processing and reconciliations.
- Defined API and **middleware** interface requirements for benefits, time, identity, and vendor platforms.
- Produced operational reports and **audit** extracts supporting **compliance** reviews, reconciliation, and management decisions.
- Coached junior analysts on requirements quality, defect analysis, documentation, and stakeholder **communication**.

HCM Systems Analyst

Susquehanna Business Services 📅 July 2012 - February 2016 📍 Harrisburg, Pennsylvania

Supported enterprise HCM operations for HR and Payroll teams, building foundational expertise in employee data, payroll processes, **benefits administration**, reporting, workflows, access controls, **upgrades**, and enhancement delivery.

- Supported HR and **Payroll** operations through employee data, benefits, reporting, and application controls.
- Maintained configurations, workflows, access assignments, and scheduled processes under documented support controls.
- Investigated transaction failures and data discrepancies, coordinating corrections with functional and technical resources.
- Created recurring workforce and payroll reports with reconciled source definitions for consistent **leadership** reporting.
- Prepared upgrade test scripts, executed **regression testing**, documented defects, and validated critical processes.
- Gathered enhancement requirements and translated stakeholder needs into functional specifications for implementation releases.

PROJECTS

Global HCM Quarterly Update Governance 📅 2025

Created a repeatable review model for Oracle Cloud quarterly updates, covering feature adoption, security impacts, regression scope, release validation, stakeholder communications, and production readiness.

Integrated Payroll and Benefits Modernization 📅 2022

Guided a phased Oracle Fusion HCM implementation linking payroll, benefits, absence, compensation, and talent processes with testing, reporting, security, and change readiness.

Enterprise HCM Support Operating Model 📅 2019

Established severity definitions, escalation paths, root cause reviews, enhancement governance, and support documentation for reliable HCM production operations.
