STRENGTHS

- ✔️ **Inventory accuracy**
Cycle counts and location checks exposed discrepancies early, giving maintenance teams greater confidence in available stock.
- 🚚 **Receiving control**
Delivery reviews caught shortages, damage, and incorrect parts before records changed, a practice vendors came to respect.
- 👥 **Staff training**
Hands on coaching made system transactions, parts identification, and equipment safety easier for storekeepers to apply.
- 🔧 **Vendor coordination**
Clear follow up with buyers, carriers, and suppliers kept returns moving when a shipment did not match specifications.
- ♥️ **Safe handling**
Daily attention to hazardous materials, lifting, forklifts, and secure storage kept busy storeroom work orderly.

SUMMARY

Senior parts and warehouse operations professional with 9 years managing automotive, transit, electrical, waterworks, fleet, and maintenance inventories in storeroom settings. Leads receiving, inspection, stock rotation, replenishment, physical inventory, issuance, vendor coordination, and records control for large, varied parts inventories. Supervises daily assignments and trains personnel in **automated materials management systems**, forklift operation, pallet jack safety, **hazardous materials handling**, and accurate inventory practices. Coordinates purchasing teams, technicians, internal users, vendors, **freight carriers**, and repair providers to maintain dependable stock levels and resolve delivery discrepancies. Holds a **valid California driver license** and current National Safety Council Forklift Truck Operator Training. Brings practical experience supporting safe, secure, well documented operations across utility, municipal fleet, transit, and automotive environments, with a steady focus on service continuity and inventory accuracy.

EXPERIENCE

Senior Parts Storekeeper

Valley Fleet Supply Cooperative 📅 April 2023 - Present 📍 Fresno, CA

Directs daily storeroom workflow for utility and fleet parts, leading receiving, inspection, storage, rotation, inventory, issuance, staff training, system transactions, documentation, and vendor resolution.

- Directed utility storeroom assignments across receiving, inspection, rotation, counting, picking, and parts issuance.
- Coordinated replenishment through **automated materials management systems**, preserving availability for technicians and maintenance users.
- Compared automotive, electrical, pump, valve, and maintenance deliveries against orders, slips, **specifications**, and condition.
- Resolved damaged freight, shortages, incorrect parts, and **repairable returns** with vendors, carriers, buyers, and technicians.
- Trained storekeepers in parts identification, **hazardous materials**, forklift safety, system transactions, and **stock rotation**.
- Maintained secure files covering safety data sheets, **bills of lading**, freight records, requisitions, and issue documents.

Parts Storekeeper II

Sierra Municipal Fleet Services 📅 January 2020 - March 2023 📍 Managed automotive and heavy equipment parts for preventive maintenance and fleet repair operations.

Managed automotive and heavy equipment parts operations supporting preventive maintenance and fleet repairs, with ownership of ordering, receipt, inspection, **inventory** accuracy, returns, equipment use, and **disposal** records.

LEADERSHIP & AWARDS

- National Safety Council Forklift Truck Operator Training completed in 2026.
- Progressed from warehouse parts clerk to senior parts storekeeper through sustained operational ownership.
