SUMMARY

Dedicated and skilled electrician with over five years of experience in residential and commercial electrical projects. Proficient in executing installations, repairs, and maintenance while prioritizing safety and quality throughout every aspect of work. Developed a strong ability to diagnose and troubleshoot electrical issues using advanced testing equipment, resulting in consistently high customer satisfaction scores. Involved in diverse tasks like new construction wiring, emergency repairs, landscape lighting installations, and managing relationships with clients. Strong commitment to continuous learning ensures up-to-date knowledge of electric codes and practices.

EXPERIENCE

Electrician

Bright Future Electric 📅 June 2021 - Present 📍 Chicago, IL

Manage various residential and commercial electrical projects focused on installations, repairs, and maintenance. Ensure compliance with safety standards while delivering excellent customer service and satisfaction.

- Executed electrical installations ensuring full adherence to current electrical codes.
- Conducted emergency service calls efficiently diagnosing issues and providing fast solutions.
- Collaborated with team members to design and install landscape lighting enhancing properties.
- Maintained precise records of work performed contributing to effective project management.
- Mentored junior electricians, promoting skills development and enhancing overall team performance.
- Implemented safety protocols that significantly improved workplace awareness and reduced incidents.

Journeyman Electrician

Northside Electric 📅 March 2018 - May 2021 📍 Skokie, IL

Oversaw wiring and installation for new construction and remodeling projects. Maintained high-quality workmanship under strict safety guidelines while fostering solid relationships with clients.

- Completed extensive new construction wiring adhering strictly to project deadlines and safety guidelines.
- Diagnosed and resolved complex electrical problems leading to exceptional first-time fix rates.
- Installed and maintained street lighting systems improving community visibility and safety.
- Grew client relationships through consistent delivery of exceptional service and quality.
- Assisted in creating accurate project estimates for materials and labor costs, supporting budget adherence.
- Engaged in continual training sessions keeping abreast of the latest industry innovations and technologies.

Apprentice Electrician

Citywide Electrical Services 📅 January 2016 - February 2018 📍 Evanston, IL

Supported lead electricians in wiring, troubleshooting, and installation duties within commercial environments. Gained valuable practical experience while stressing compliance with strict safety procedures.

- Provided assistance in wiring tasks gaining direct experience essential for skill development.
- Participated in troubleshooting efforts developing effective diagnostic techniques.
- Helped manage tool inventory which ensured adequate supplies were available for ongoing projects.
- Engaged heavily in safety training initiatives embedding a culture of compliance among peers.
- Took part in community outreach programs promoting electrical safety and awareness.
- Built a strong foundation in electrical theory and hands-on application enhancing understanding of the trade.

STRENGTHS

- 💡 **Proactive Problem Solving**
Applied proactive problem-solving skills resulted in swift resolutions during urgent scenarios.
- 👥 **Customer Engagement**
Built trustful relationships with clients, often becoming their go-to for future projects.
- 🤝 **Team Collaboration**
Engaged actively with cross-functional teams, fostering an environment of sharing knowledge and support.
- 🛡️ **Safety Advocacy**
Championed safety practices leading to a more compliant work environment benefitting all staff.
- ⌚ **Efficiency Implementation**
Streamlined workflows effectively reducing project execution times without compromising quality.
