STRENGTHS

- 👥 **Quiet Production Leadership**
Crew members found steady direction during busy load ins, with clear calls and fewer overlooked details.
- 🔧 **Live Troubleshooting**
When signal issues surfaced before performances, focused testing restored dependable lighting, audio, and video operation.
- ⚙️ **Hands On Fabrication**
Scenic pieces and props moved from approved plans into usable stage elements through patient shop work.
- 📺 **Streaming Coordination**
Camera, switching, recording, uploading, and archiving tasks stayed organized across scheduled livestream events.
- ♥️ **Safety Mindset**
Ladder, rigging, lifting, and equipment handling practices received close attention during demanding production work.

SUMMARY

Theatre Technical Coordinator with eight years of progressive experience supporting theatre, dance, music, film, livestreams, and **special events**. Translates artistic concepts into safe technical plans, practical schedules, crew calls, builds, installations, and live operations. Leads stagehands through construction, **load in**, setup, performances, strike, and maintenance while keeping communication calm and focused. Programs **ETC lighting consoles** and digital audio systems, troubleshoots lighting, audio, video, camera, switching, projection, and streaming workflows, and maintains dependable production records. Hands on work includes scenic construction, painting, props, rigging, staging, **projection mapping**, equipment care, inventory, purchasing, and archives. Brings thoughtful production judgment, steady crew support, and careful attention to details that keep performances moving. Ready to contribute reliable technical leadership within a collaborative performing arts environment.

EXPERIENCE

Senior Technical Production Coordinator

Riverside Performing Arts Center 📅 July 2023 - Present 📍 Pittsburgh, PA

Leads full **technical production** across theatre, dance, music, film, livestreams, and special events. Converts design concepts into coordinated plans, directs crews, supports live operations, and manages equipment resources.

- Converted scenic, lighting, audio, video, and staging concepts into coordinated production plans.
- Programmed ETC lighting and **digital audio consoles**, resolving cue and signal issues before **performances**.
- Directed stagehands through **construction**, load in, setup, show calls, strike, and maintenance.
- Built, painted, repaired, and adapted **scenic elements** and props from ground plans.
- Managed cameras, switchers, **streaming software**, recordings, uploads, and archives for livestream events.
- Tracked technical and scenic inventory, coordinating purchasing and restocking for concurrent productions.

Technical Theatre Specialist

Allegheny Stage Collaborative 📅 June 2020 - June 2023 📍 Pittsburgh, PA

Supported plays, concerts, dance programs, and community events across lighting, audio, video, rigging, staging, scenic work, and crew operations. Combined hands on shop work with console programming and live troubleshooting.

- Delivered **lighting**, audio, video, rigging, and **stagehand support** for varied public events.
- Read **lighting plots**, stage plots, and **scenic ground plans** for equipment layouts.
- Programmed ETC lighting cues and operated digital and **analog audio consoles** during shows.
- Installed projectors and configured projection mapping for scenic surfaces and designer requirements.
- Constructed and repaired platforms, flats, scenic units, and props using shop tools.
- Coordinated **setup** and strike crews while reinforcing ladder, rigging, lifting, and handling practices.

Assistant Technical Coordinator

North Shore Theatre Works 📅 June 2018 - May 2020 📍 Erie, PA

Supported theatrical productions and public events through lighting, sound, video, staging, props, **scenic work**, recording, and maintenance. Built practical experience with live systems, media archives, and safe stagehand operations.

- Prepared lighting equipment from plots and executed console cues during rehearsals and performances.

MY CAREER

● Senior Technical Production Coordinator at Riverside Performing Arts Center (3.2 Years)

● Technical Theatre Specialist at Allegheny Stage Collaborative (3 Years)

● Assistant Technical Coordinator at North Shore Theatre Works (1.9 Years)

● Technical Production Assistant at Cedar Valley University Theatre (1.8 Years)

- Maintained **audio** and **video** equipment, diagnosing connectivity and playback problems through documented repairs.
- Operated cameras and switching workflows for recorded and streamed performances.
- Organized media archives after recording and streaming assignments for later access.
- Built and painted scenic pieces and **props** from approved plans in an orderly shop.
- Provided **stagehand support** for load in, show runs, **strike**, lifting, and work at height.

Technical Production Assistant

Cedar Valley University Theatre 📅 August 2016 - May 2018 📍 Cedar Falls, IA

Supported faculty led **theatre** and **music** productions across lighting, audio, scenic, props, video, and stage operations. Learned live troubleshooting, shop practices, inventory control, and production readiness within a university theatre setting.

- Prepared fixtures, cable, consoles, microphones, and **staging** from lighting and stage plans.
- Built and painted scenic units in a university shop under technical direction.
- Operated lighting and sound cues for student productions and resolved live issues.
- Supported video recording and projection setups, checking signal routing and readiness.
- Maintained shop inventory, returned equipment after strikes, and documented depleted items.

PROJECTS

Regional Performing Arts Livestream Program 📅 2024

Created a repeatable livestream workflow for cameras, switchers, streaming software, recordings, uploads, and archives across scheduled performances.

Projection Mapping Scenic Installation 📅 2022

Installed projectors and configured mapped scenic surfaces, aligning video output with designer requirements during live performance preparation.

LEADERSHIP & AWARDS

- Recognized by production leadership for dependable console operation and calm troubleshooting during demanding performance calls.
- Selected as a volunteer technical mentor for Pittsburgh Youth Theatre production workshops.
- Earned consistent crew trust through safe load in practices, clear calls, and careful equipment stewardship.

EDUCATION

Bachelor's Degree in Theatre Production

University of Northern Iowa 🎓 GPA: 3.5 📅 2018 📍 Cedar Falls, IA

Coursework: *Lighting design, audio production, scenic construction, stage management*
