Hiring Manager
MedPro Healthcare Staffing
Louisa, KY

Dear Hiring Manager,

I am excited to apply for the Travel Allied Physical Therapist role at MedPro Healthcare Staffing, an opportunity that aligns seamlessly with my background and aspirations, as my Doctorate in Physical Therapy, coupled with over a year of robust clinical experience, prepares me to contribute significantly to patient care and rehabilitation.

My current role as a Physical Therapy Intern at a university has allowed me to assess patient conditions thoroughly, create tailored rehabilitation programs, and observe real improvements in mobility and recovery—a true passion of mine.

Collaborating with diverse teams has sharpened my communication skills. I actively engage in enlightening patients and families about therapy techniques, focusing on accessible education which is crucial for successful recovery outcomes; this experience mimics much of what I would encounter at MedPro.

In my prior position as a Physical Therapy Assistant, I assisted licensed professionals, where I gained insights into fine-tuning treatment plans based on precise patient progress; adjustments were often made mid-session, ensuring tailored care remained effective.

Though embarking on this path presented challenges—balancing patient needs with technical demands—I always found immense gratification when a patient achieved their goals.

Thank you for considering my application.

Sincerely,

Meadow Barrett
