SUMMARY

Class A CDL **truck driver** with eight years supporting roadway construction, public works maintenance, material hauling, work zone operations, emergency cleanup, and seasonal response. Operates dump trucks, tractor trailers, asphalt trucks, boom mowers, snowplows, **salt and sand spreaders**, and light, medium, and heavy duty vehicles. Completes pre trip and job site inspections, monitors loads and equipment condition, performs minor adjustments, and communicates repair needs with fleet maintenance personnel. Supports asphalt, concrete, drainage, roadside, and cleanup work with hand tools and **mechanized hand held equipment**. Sets barricades, lane cones, and warning signs around active crews. Maintains a **clean driving record** and dependable after hours availability for storms, accidents, spills, and urgent public works assignments.

EXPERIENCE

Senior Truck Driver, Roadway Operations

Ozark Road Services 📅 May 2023 - Present 📍 Springfield, Missouri

Leads daily truck operations for roadway maintenance, construction, winter response, and emergency assignments. Supports crews, newer drivers, fleet technicians, and public traffic through safe equipment placement, clear communication, and dependable field decisions.

- Operated **dump trucks**, tractor trailers, **asphalt trucks**, and heavy fleet vehicles for roadway assignments.
- Completed pre trip inspections, **minor adjustments**, and repair referrals through **fleet maintenance** coordination.
- Deployed barricades, lane cones, and warning signs around moving and stationary work zones.
- Handled winter callouts with snowplows and **salt and sand spreaders** during severe weather.
- Supported asphalt and concrete crews with **hand tools**, equipment, materials, and safe truck positioning.
- Coached newer drivers on walkarounds, backing, load security, communication, and safe equipment operation.

Truck Driver and Equipment Operator, Roadside Maintenance

Midwest Infrastructure Hauling 📅 February 2021 - April 2023 📍 Lebanon, Missouri

Managed commercial hauling and equipment operation across aggregate sources, staging areas, roadside work zones, and paving projects. Combined careful vehicle control with defect reporting, traffic protection, and coordinated cleanup support.

- Drove Class A tractor trailers and **dump trucks** between aggregate sources and roadway projects.
- Operated **boom mowers** and medium and **heavy duty trucks** for roadside maintenance assignments.
- Positioned trucks for **asphalt** placement and unloading through spotter communication in constrained zones.
- Documented tire, hydraulic, lighting, and attachment defects for timely fleet service.
- Set and retrieved cones, **barricades**, and warning devices during active roadway assignments.
- Supported spill and **roadway** cleanup by hauling materials, removing debris, and coordinating vehicle movements.

Maintenance Truck Driver, Municipal Services

Riverbend Municipal Services 📅 June 2018 - January 2021 📍 Jefferson City, Missouri

Provided truck operation and field support for street repair, drainage work, material hauling, concrete, asphalt, seasonal service, and urgent cleanup. Protected crews and traffic through disciplined inspections, positioning, and temporary traffic control.

- Operated **dump trucks** and light, medium, and heavy duty vehicles for street repairs.
- Delivered **concrete** and asphalt materials while preparing work areas and positioning trucks safely.
- Operated snowplows and **salt and sand spreaders** during **winter response** rotations.

STRENGTHS

- ♥ **Safe Equipment Operation**
Pre trip checks and careful positioning protected crews around active paving, hauling, and roadside work sites.
- 🚚 **Emergency Response**
Storms, spills, and accident cleanup called for calm decisions. Reliable after hours response kept work moving.
- 🔧 **Fleet Care**
Daily inspections caught tire, hydraulic, lighting, fluid, and attachment concerns before they affected field work.
- 🚧 **Traffic Control**
Barricades, cones, and warning signs created clearer work zones. Crews gained confidence around moving traffic.
- 👥 **Crew Support**
Practical guidance helped newer drivers improve walkarounds, backing, load security, and communication on demanding sites.

SKILLS

Class A CDL Dump truck operation

Tractor trailer driving

Asphalt truck operation

Boom mower operation

Snowplow operation Traffic control

Equipment inspections

Minor adjustments

LANGUAGES

MY CAREER

- Senior Truck Driver, Roadway Operations at Ozark Road Services (3.4 Years)
- Truck Driver and Equipment Operator, Roadside Maintenance at Midwest Infrastructure Hauling (2.2 Years)
- Maintenance Truck Driver, Municipal Services at Riverbend Municipal Services (2.6 Years)
- Truck Driver, Site and Paving Operations at Clearwater Site and Paving (2.8 Years)

- Completed daily inspections, checked fluids and wear, and referred repairs to fleet maintenance.
- Established temporary **traffic** control with cones, barricades, and **warning signs** before roadway work.
- Responded to accident debris, storm damage, and urgent cleanup assignments with safe vehicle placement.

Truck Driver, Site and Paving Operations

Clearwater Site and Paving 📅 July 2015 - May 2018 📍 Rolla, Missouri

Supported excavation, paving, site maintenance, material delivery, and cleanup operations through commercial vehicle operation and practical **equipment** care. Built early experience in inspections, traffic protection, field coordination, and changing schedules.

- Drove **dump trucks** and commercial vehicles for excavation, paving, and site maintenance projects.
- Conducted pre trip and post trip checks covering tires, lights, brakes, fluids, and loads.
- Supported paving crews through controlled material delivery and safe truck positioning near workers.
- Used **hand tools** and **mechanized hand held equipment** during cleanup and basic maintenance assignments.
- Placed warning devices and followed temporary traffic control directions around truck movements.
- Maintained dependable attendance for early starts and changing field schedules across **construction** sites.

PROJECTS

Winter Response and Roadway Safety 📅 2025

Coordinated snowplow, salt and sand spreading, traffic control, and emergency cleanup support during seasonal roadway response. Shared clear updates with crews and protected public travel through safe equipment placement.

Asphalt and Concrete Crew Support 📅 2024

Supported paving and concrete teams through material hauling, truck positioning, hand tool use, and work area preparation. Built reliable coordination between drivers, operators, and field crews.

LEADERSHIP & AWARDS

- Recognized by field supervisors for dependable winter response and after hours emergency coverage.
- Selected to coach newer drivers on inspections, backing, load security, and safe job site communication.
- Commended by project crews for consistent traffic control and equipment care during roadway work.

EDUCATION

High School Diploma

Rolla High School 🎓 GPA: 3.0 📅 2015 📍 Rolla, Missouri

Coursework: Construction safety, equipment operation, roadway maintenance, driver education

CERTIFICATIONS

- Class A Commercial Driver's License 📅 2026
- DOT Medical Examiner's Certificate 📅 2026
