

Ali Myers

Trust Fund Accountant

AUGUST 01, 2026

HealthFirst Accounting
Hiring Manager
Lexington, KY

Dear Hiring Manager,

I am eager to express my interest in the Trust Fund Accountant position at HealthFirst Accounting, a role that aligns perfectly with my educational background and professional pursuits in the financial reporting landscape.

Having earned a Bachelor's degree in Finance from the University of Kentucky, I possess a solid understanding of accounting principles and big-screen analytical skills, demonstrated through my current role where I oversee multiemployer fringe benefit funds, ensuring precision and compliance.

In my tenure at Acme Financial Services, I meticulously maintained accurate financial records, crafted financial statements, and embraced challenges with a collaborative spirit, notably resolving discrepancies and aiding in compliance with stringent regulations.

While I have mastered many tasks, there were moments of uncertainty, particularly during complex reconciliations, yet each experience sharpened my problem-solving skills and provided vital learning opportunities.

I have developed proficiencies in Microsoft Excel that enhanced my ability to analyze data and generate reports efficiently; ultimately, my contributions have consistently improved operational processes and facilitated stakeholder communication.

I look forward to the opportunity to contribute to HealthFirst Accounting, fully committed to upholding the financial integrity of your esteemed organization.

Thanks,

Ali Myers
