STRENGTHS

- ✔ **Inventory Accuracy**
A careful document check has prevented location and quantity errors before material moved forward.
- 🛡 **Safe Equipment Use**
Pre use inspections and marked travel paths made forklift and pallet jack work more dependable.
- 🚚 **Order Fulfillment**
During busy periods, steady picking and staging kept shipments moving without sacrificing careful verification.
- 🔍 **Quality Awareness**
Visible damage stood out during routine checks, so questionable parts were isolated before shipment.
- 👥 **Team Reliability**
Carrier drivers and warehouse peers received clear handoffs, especially when priorities shifted quickly.

SUMMARY

Warehouse Associate with four years of experience supporting distribution, inventory, order fulfillment, shipping, receiving, storage, picking, packaging, and material handling operations in busy facilities. Verifies part numbers, storage locations, quantities, and **source documents** before inventory or fulfillment transactions. Operates sit down forklifts, order pickers, pallet jacks, and **automated packaging equipment** while completing pre use inspections and following **facility safety procedures**. Uses iPad based inventory workflows, written instructions, **Standard Operating Procedures**, Standard Work, 5S, PPE, and basic visual quality checks for damaged or defective material. Coordinates carrier handoffs, maintains orderly staging areas, and supports changing priorities, second shift work, third shift work, overtime, and weekend coverage. Brings dependable computer skills, physical readiness, and careful documentation habits that support accurate, safe, timely warehouse operations.

EXPERIENCE

Warehouse Associate

Delta Ridge Distribution 📅 July 2024 - Present 📍 Memphis, TN

Supports industrial replacement parts distribution across receiving, storage, picking, packing, shipping, inventory transactions, carrier coordination, and first line quality review. Operates assigned **material handling** and packaging equipment, follows written procedures, and helps maintain safe, orderly work areas during changing order volumes and off shift coverage.

- Verified **part numbers**, bin locations, and quantities before completing picking, storage, packing, shipping, and **receiving** transactions.
- Operated sit down forklifts, order pickers, and **pallet jacks** after completing pre use equipment inspections.
- Used iPad inventory workflows to receive materials, confirm picks, and resolve documentation discrepancies before shipment.
- Inspected incoming and picked parts visually, isolating damaged material and documenting exceptions for quality review.
- Ran weighing, banding, wrapping, and labeling equipment for mixed size orders prepared for carrier pickup.
- Maintained **5S** staging areas and supported **overtime** coverage during periods of increased fulfillment demand.

Material Handler

MidSouth Parts Fulfillment 📅 September 2022 - June 2024 📍 Southaven, MS

Handled inbound and outbound parts across receiving, put away, replenishment, **order filling**, staging, packaging, and dock operations. Matched physical materials with purchase and inventory records, coordinated carrier handoffs, followed PPE and safe load practices, and kept aisles, workstations, and shipping areas ready for continuous activity.

- Matched inbound cartons and individual items with purchase documents before completing receiving and put away activities.
- Moved palletized and individual materials with forklifts and pallet jacks along marked travel paths.
- Picked and staged orders from written instructions, resolving location or quantity mismatches with **inventory** staff.
- Prepared outbound **materials** using wrapping, banding, weighing, and **packaging** equipment for aligned shipments.
- Coordinated dock handoffs with **carrier drivers** while keeping staging lanes clear for active picks.
- Completed 5S housekeeping each shift, maintaining accessible aisles and ready packaging **supplies**.
